

## PASS CONSTITUTIONAL CARRY NOW

I, the signatory of this petition, do hereby affirm that:

- Whereas, the Supreme Court of the United States has three times ruled that the Second Amendment reinforces a fundamental, natural right of individuals to keep and bear arms;
- Whereas, no other right enumerated in the U.S. Constitution and Bill of Rights requires governmental permission merely to exercise a fundamental natural right;
- Whereas, twenty-nine (29) states have now passed some form of permitless or “constitutional” concealed carry of handguns, leaving North Carolina in a disadvantaged minority; and
- Whereas, none of the states which have adopted permitless or constitutional carry have experienced the problems predicted by naysayers.

I do hereby call upon Republican leaders in the North Carolina Senate and North Carolina House to give prompt consideration via committee hearings and floor votes to constitutional carry legislation introduced in this session of the General Assembly. Additionally, I call upon all members of the NC General Assembly to support constitutional carry by all means, procedural and substantive.
